Technical skills

-  C language
-  Python programming
-  HTML & CSS

Interpersonal skills

-  Leadership
-  Positive attitude
-  Problem solving

Certifications

-  Data Analysis with R-language by google
-  Data science certification by IBM
-  Data Visualization with py by IBM
-  Data analytics by google
-  Data mining foundation and practice by university of Colorado Boulder

Projects

-  Chatbot using Python
-  Website developed for a college

Profile

A creative and analytical computer science engineer with expertise in developing, optimizing, and securing software systems. Proven ability to lead and collaborate in a team environment, effectively communicate complex technical concepts, and manage multiple projects simultaneously. Skilled in programming, data structures, algorithms, and software development, with a strong passion for innovation and problem-solving. Seeking a challenging engineering role to apply my knowledge and skills to drive technological advancements and contribute to the success of your organization.

Education

B-Tech (Bachelor of technology) | 2022-2026
Avanathi Institute of Engineering And Technology
Data science engineering

Intermediate | 2020-2022
Sri Balaji jnr College
MPC

Secondary education | 2020
Govt high school pendurthi
10th standard

Internship Experience

Android developer | July 2024 - sept 2024
Edu skills
-Successfully completed a virtual internship in android development.

-Gained hands-on experience in front-end designing for android applications.

Data science | May 2024 - july 2024
Skill dzire

-Gained knowledge of data-analysis ,Machine Learning concepts and data Visualization techniques.

-Understood the fundamentalist of data Preprocessing and model building.

Declaration

I hereby declare that the information given above and in the enclosed documents is true to the best of my knowledge and belief.
